(Amended and Restated as of October 18, 2017; last reviewed May 13, 2020)

The Audit Committee (the “Committee”) shall report to and assist the Board of Directors (the “Board”) of Presidio Property Trust, Inc. (the “Company”) by providing oversight of the financial management, independent auditors and financial reporting procedures of the Company, as well as such other matters as directed by the Board or this Charter.

Purpose of the Committee

The purpose of the Committee is to oversee the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company.

The Committee’s responsibilities are limited to oversight. The Company’s management is responsible for establishing and maintaining accounting policies and procedures in accordance with generally accepted accounting principles (“GAAP”) and other applicable reporting and disclosure standards and for preparing the Company’s financial statements. The Company’s independent auditors are responsible for auditing and reviewing those financial statements.

Membership of the Committee

1. The Committee shall be comprised of not less than three members of the Board, subject to any available exception, each of whom must satisfy the independence requirements of the Nasdaq Stock Market LLC (“Nasdaq”) and the more rigorous independence rules for members of the Committee issued by the Securities and Exchange Commission (the “SEC”), subject to any available exception.
2. At least one member of the Committee must have past employment expertise in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual’s financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. In addition, either at least one member of the Committee must be a financial expert as defined under SEC rules, or the Company must disclose the reasons why at least one member of the Committee is not a financial expert.
3. Each Committee member shall be able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement.

Meetings of the Committee

1. The Committee will meet at least once during each fiscal quarter to review SEC Forms 10-K and 10-Q and to perform the duties enumerated in this Charter.
2. The Committee will hold separate private meetings, periodically, with management and with the independent auditors.
3. The Committee has the authority to establish its own rules and procedures for notice and conduct of its meetings so long as they are not inconsistent with any provisions of the Company's bylaws that are applicable to the Committee.
4. In addition to the duties and responsibilities expressly delegated to the Committee in this Charter, the Committee may exercise any other powers and carry out any other responsibilities consistent with this Charter, the purposes of the Committee, the Company's bylaws and applicable Nasdaq rules.

Key Responsibilities

The Company's management is responsible for preparing the Company's financial statements and the independent auditors are responsible for auditing these financial statements. The Committee is responsible for assisting the Board in overseeing the conduct of these activities by the Company's management and the independent auditors. The financial management and the independent auditors of the Company have more time, knowledge and more detailed information on the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work. The Committee is also responsible for preparing the Report of the Audit Committee for inclusion in the Company's annual proxy statement as required by SEC rules. In carrying out its key responsibilities, the Committee shall perform the following functions:

- c. The Committee, or the Chair of the Committee, shall review and pre-approve any audit and non-audit services provided to the Company by the independent auditor, unless the engagement is entered into pursuant to appropriate preapproval policies established by the Committee or if such service falls within available exceptions under SEC rules.
- d. The Committee shall set hiring policies for employees or former employees of the independent auditors.
- e. The Committee must ensure that the independent auditor prepares and delivers, at least annually, a written statement delineating all relationships between the independent auditor and the Company, must actively engage in a dialogue with the independent auditor with respect to any disclosed relationships or services that, in the view of the Committee, may impact the objectivity and independence of the independent auditor, and, if the Committee determines that further inquiry is advisable, must take appropriate action in response to the independent auditor's report to satisfy itself of the auditor's independence.
